Internal Appeals Procedures

The aim of the Internal Appeals Procedure is to ensure that students internally assessed GCSE work is marked fairly, consistently and in accordance with the regulations and awarding body's specification and subject-specific associated documents.

Plasht School is committed to ensuring that whenever its staff mark candidates' work this is done fairly, consistently and in accordance with the regulations and awarding body's specification and subject-specific associated documents.

Candidates' work will be marked by staff who have appropriate knowledge, understanding and skill, and who have been trained in this activity. Plasht School is committed to ensuring that work produced by candidates is authenticated in line with the requirements of the awarding body. Where a number of subject teachers are involved in marking candidates' work, internal moderation and standardisation will ensure consistency of marking.

If a candidate believes that this may not have happened in relation to her work, she may make use of this internal appeals procedure. Appeals should be made as early as possible in order to ensure that the internal appeals process is completed prior to the submission of centre marks to the awarding body.

Appeals Procedure against internally assessed marks

The internal appeals procedures for this centre have been produced to demonstrate compliance with the publications below.

JCQ General Regulations for approved centres

<http://www.jcq.org.uk/exams-office/general-regulations>

Controlled Assessments, Coursework and Portfolios of Evidence

5.8 The centre agrees to have in place, and be available for inspection purposes, a **written** internal appeals procedure relating to internal assessment decisions and to ensure that details of this procedure are made widely available and accessible to all candidates; (A centre may place its internal appeals procedure on the school/college website or alternatively, the document may be made available to candidates upon request.)

Reviews of Marking - Centre Assessed Marks Policy (GCSE controlled assessments and GCSE non-examination assessments)

Plashet School will:

- ensure that candidates are informed of their centre assessed marks by their subject teacher so that they may request a review of the centre's marking before marks are submitted to the awarding body.
- ensure that subject teachers inform candidates that they may request copies of materials to assist them in considering whether to request a review of the centre's marking of the assessment.
- having received a request for copies of materials, promptly make them available to the candidate. (Requests for reviews of marking **must** be made in writing)
- provide candidates with sufficient time in order to allow them to review copies of materials and reach a decision.
- allow sufficient time for the review to be carried out, to make any necessary changes to marks and to inform the candidate of the outcome, all before the awarding body's deadline.
- ensure that the review of marking is carried out by a reviewer who has appropriate competence, has had no previous involvement in the assessment of that candidate's work and has no personal interest in the review.
- instruct the reviewer to ensure that the candidate's mark is consistent with the standard set by the centre.

The candidate will be informed **in writing** of the outcome of the review of the centre's marking. The outcome of the review of the centre's marking will be made known to the head of centre and will be logged as a complaint. A written record will be kept and made available to the awarding body upon request. Should the review of the centre's marking bring any irregularity in procedures to light, the awarding body will be informed immediately.

After candidates' work has been internally assessed, it is moderated by the awarding body to ensure consistency in marking between centres. The moderation process may lead to mark changes. This process is outside the control of Plashet School and is not covered by this procedure.
