## Link Governors

- Link Governors act as link between the school and an individual area of the school; they are an advocate for that area.
- Link Governors should always have a definite focus, and aim for impact or purpose. They are not casual visitors. They should aim for a professional balance of support and challenge.
- Link Governors should read and know the departmental policies for their curriculum area, and should visit their chosen area within the school at least annually.
- Link Governors should report back to FGB on their visit with recommendations.
- Link Governors should always scrutinise and interrogate any documents received at FGB with a view to representing their area.
